Sheriff Stewart's Work.

The New Mexican of Saturday had the
following:Sheriff M. C. Stewart of Carlsbad, ar-
rived in this city last night with three
prisoners one of whom made an attempt
to escape by jumping out of the car window.
The prisoner was Ignacio Minjares
a 16 year old Mexican who was sentenced
to two years in the pen for larceny of a
mule. Thursday morning at a point
near Hereford, while the train was going
at the rate of 25 miles an hour, Minjares
jumped out of a window of a closet.The sheriff soon missed the prisoner
there was no bell rope in ear and it was
some time before he could communicate
with the conductor elsewhere on the train.
The officer finally decided to go to Amarillo
and leave the other prisoners in the
county jail while he pursued the escaped
convict. From Amarillo he drove back
and rearrested the fugitive.The other two prisoners Sheriff Stewart
brought to the penitentiary are Marion
Brook, sentenced to three years for
burglary, and Bruce Jones, sentenced to one
year for larceny.Sheriff Stewart is establishing for him-
self a record that is enviable. As will be
remembered he effected the capture of
W. H. McGinnis, the slaged train robber
who is reported to have killed Sheriff
Farr of Walsenburg, Colo. He made a
number of other arrests in Eddy county
that have made him a terror to outlaws
and earned for him the reputation of being
one of the most efficient sheriffs in the
southwest.

superb. It is not exceeded by that of any
other region. The atmosphere is cool and
invigorating and absolutely free from impurities.As evidence of the excellence of the cli-

only necessary to state that the United
States government, after careful investi-
gation of all the country in its vast domain
but adapted for a marine sanitation
selected Fort Stanton.Write to E. P. Turner, general passen-
